

**RAYHAN EMMANUEL
ALOBWEDE**

SOFTWARE DEVELOPER INTERN

OBJECTIVE

Motivated Information Technology university student, seeking to apply basic programming knowledge to enhance technological systems.

SKILLS & ABILITIES

Can work well with others; Time conscious; Ready to Learn; Comfortable with data structures; Basic experience with Python; Proficient in Microsoft Word, Excel, and PowerPoint; Typing speed of 70wpm.

I am comfortable working in a multi-cultural environment. I lived in Cameroon, Nigeria, Turkey & currently in South Africa.

CONTACT INFO

Address: 17 Long Grove Mews,
Station Rd, Mowbray, Cape Town;
7700.

Telephone: +27 83 373 3832

Email: r.e.alobwede@gmail.com

EXPERIENCE

I have made some basic coding projects in python which can be viewed on my GitHub page: <https://github.com/Rayjay125/Small-Projects>

EDUCATION

**EDUVOS UNIVERSITY, CAPE TOWN, SOUTH AFRICA –
BACHELOR OF SCIENCE – INFORMATION TECHNOLOGY
(SOFTWARE DEVELOPMENT)**

[2022 – PRESENT]

Some courses done so far include Introduction to Procedural Programming in C++, Computer Networks and Security, and Introduction to Information Systems. Current average mark for courses done is about 88.2%

COMMUNICATION

I have taught doctrine to kids in preparation for Baptism and First Holy Communion in the Catholic Church in Cameroon.

I have also cheered meetings in various Church groups in mission stations in Ekona, ensuring that the people's opinions and decisions be heard and made known to the Parish Priest.

LEADERSHIP

I have run Catholic Church mission stations in remote villages in Ekona, Southwest Province in Cameroon for a month. It involved coordinating the various prayer groups, Catholic Men Association group, Catholic Women Association group, and other church groups in the mission station, ensuring that they run according to the guidelines of the Church, and have a representative of the Parish Priest in his absence.

HOBBIES

1. Computer coding
2. Music (Piano & Guitar)
3. Jogging
